

MOUNT ANNAN CHRISTIAN COLLEGE

Dear Parents and Carers,

2021 has been a challenging year for the MACC Community. COVID's wide-ranging impact on the local community, Australia and across the world has been felt. We have been very appreciative of the partnership between parents, carers and College to ensure our journey has been positive.

In spite of the impact of COVID, the College has continued to move forward, and has seen growth in areas of academic success, student numbers and participation from our school community.

We have undertaken a number of projects to facilitate this growth including:

- The development of wonderful new classrooms underneath our Multi-Purpose Hall,
- The extension of our Prep area to cater for increasing demands,
- Continued implementation of our Masterplan - upgrading facilities across the whole college.

We are excited to see our new Reception and Administration Centre literally 'coming up out of the ground'. This will be a central connection place for parents, students and staff, and will provide an exceptional space to support and care for our College Community. All the following services will be more effective, efficient and easily available whilst in the same area: Administration, Student Services, First Aid, Executive Office and Staff Room. It will even hold a New Cafe for connection!

Each month the College Board meets to discuss the strategic direction of the College.

The Board is instrumental in driving change and improvements in the areas of academics, administrative processes, additional program offerings and parent engagement.

With growth continuing, there are encouraging challenges that the Board continues to work through. Examples of these include: the implementation of long term master planning of school buildings, the changing nature of technologies and the continual strive to maintain a vibrant school culture, strongly connected to our Christian Foundation and values.

The Board has determined a fee schedule for 2022 that supports the continued growth of academic programs, assists us to maintain and improve our facilities, and the provision of staff to ensure the very best learning experiences for our students. 'Nurtured for life, Prepared for purpose!'

In 2022 the College fees will increase by 5% to ensure we can continue to grow and develop MACC in line with our strategic direction. This has been well considered for our future, including the placement of the College in the Macarthur Region.

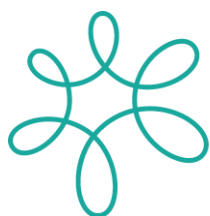

We are certain this investment in our shared future will see Mount Annan Christian College continue to thrive as we seek to implement our Strategic Plan in line with our Fundamental Purposes.

Please find attached a fee schedule that outlines the fees for 2022. We have an exciting future of growth and strength which is key to MACC's ongoing planning while creating the best possible learning environment and opportunities for our children now and into the future.

Yours sincerely,

Mr Ken McLean.
Chairman of the Board
