- Travel passes must be shown to the driver when boarding the bus.
- From the start of Term 3, there will be two pricing structures. These prices are for students travelling on the bus everyday, AM & PM.
- Distances are calculated as the number of kilometres between a student's residential address and the College.
- For those travelling less frequently than daily, the charge will be calculated on a pro-rata basis.
- Example: A student catches the bus 3 times a week, AM & PM from Gregory Hills (inside 12 km radius): Charge would be \$180/10 trips per week X 6 trips travelled = \$108 per term
